## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Little Sisters Fund, Inc.  
Ketchum, Idaho

### *Report on the Financial Statements*

We have audited the accompanying financial statements of Little Sisters Fund, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Little Sisters Fund, Inc., as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

*Organization:*

Little Sisters Fund, Inc. (the Organization), was organized to provide and promote education, alleviate poverty, and foster family stability and cultural preservation in Nepal and throughout the world. The Organization currently provides long-term scholarships for economically disadvantaged girls in Nepal through relationships with non-governmental organizations (NGOs) in Nepal. The Organization has working relationships with these NGOs but does not have a formal agreement with them or exercise control over them.

*Summary of Significant Accounting Policies:*

*Basis of presentation* – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under those principles, the Organization is required to report information regarding its financial position and activities according to the following net asset classifications:

*Net assets without donor restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Board of Directors.

*Net assets with donor restrictions:* Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

*Cash and cash equivalents* – The Organization considers all highly liquid investments with initial maturities of three months or less to be cash equivalents. Cash without donor restrictions held in money market accounts at Fidelity Investments was \$59,866 and \$42,081 on December 31, 2018 and 2017, respectively.

*Contributions receivable* – The Organization has received unconditional promises to provide future cash payments. The present value of these estimated future cash flows is recorded as contributions receivable. The Organization periodically evaluates the balances in contributions receivable and any amounts significantly past due to determine whether there are any uncollectible amounts. When management determines that a receivable is uncollectible, the balance is removed from the receivables balance and is charged directly against contribution revenue. Subsequent recoveries of amounts previously written off are credited to contribution revenue.

*Property and equipment* – Property and equipment are stated at cost or, if donated, at their approximate fair value at the date of donation. The Organization capitalizes all property and equipment in excess of \$1,000. Depreciation is determined using the straight-line method over the assets' estimated useful lives of three years.

---

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (continued):**

*Summary of Significant Accounting Policies (continued):*

*Restricted certificates of deposit* – The Organization holds certificates of deposit at cost, which approximate fair value. Restricted certificates of deposit represent contributions that have been designated by a donor for long-term purposes. For the year ending December 31, 2018, the restricted certificates of deposit bear interest ranging from 1.30% to 2.75% and mature at various dates from February 2019 to May 2020.

*Investments* – The Organization records investments in marketable securities with readily determinable market values at their fair value in the statements of financial position. Investment securities consist of a highly diversified portfolio of stocks, mutual funds, and exchange traded equity and fixed income funds. The investments in marketable securities are subject to market risk. Net investment income or loss is reported in the statements of activities and changes in net assets and consists of interest and dividend income, realized and unrealized gains and losses, and investment expenses. The investments in marketable securities are subject to market risk.

*Financial instruments* – At December 31, 2018 and 2017, the Organization’s financial instruments approximated fair value.

*Contributions* – Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor-restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without donor restriction upon acquisition of the assets and the assets are placed in service.

*In-kind contributions* – Donated goods are recorded at their estimated fair value when received. Contributions of services are recognized if the services received create or enhance nonfinancial assets, require specialized skills, are provided by individuals possessing these skills, and would typically need to be purchased if not donated. Gifts of property and equipment and gifts of cash to be used to acquire property and equipment are reported as restricted support and reclassified to net assets without donor restrictions when placed into service.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):**

*Summary of Significant Accounting Policies (continued):*

*Allocation of expenses* – Costs of providing program and supporting services have been summarized on a functional basis in the statements of activities and changes in net assets. Accordingly, certain costs have been allocated among program services and supporting services based on estimates of the employee’s time incurred and usage of resources.

The expenses that are allocated include the following:

Expense	Method of Allocation
Grants to other organizations and student scholarships	Time and effort
Payroll expenses	Time and effort
Professional services	100% administrative
Travel	Time and effort
Telephone and communications	Usage, time, and effort
Insurance	Square footage, time, and effort
Office expenses	Time and effort
Supplies	Time and effort
Meals and entertainment	Time and effort
Donor appreciation	100% fundraising
Miscellaneous	Time and effort

*Income taxes* – Under the provisions of Section 501(c)(3) of the Internal Revenue Code, the Organization is exempt from federal income taxes, except for net income from unrelated business activities. For the years ended December 31, 2018 and 2017, the Organization had no unrelated business activities subject to federal income tax. Management evaluated the Organization’s tax positions and concluded that the Organization had taken no uncertain tax positions that would require adjustments to the financial statements.

*Use of estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

*Reclassifications* – Certain prior year balances have been reclassified to conform to the current year presentation with no effect on previously reported changes in net assets.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):**

*Summary of Significant Accounting Policies (continued):*

*New Accounting Pronouncement* – In August 2016, Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU), Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statement of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

*New accounting pronouncement effective in future accounting periods* – In June 2018, the FASB issued ASU 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. The amendments in this standard should assist entities in 1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, *Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other guidance, and 2) determining whether a contribution is conditional. This standard will be effective for contributions received for reporting periods beginning after December 15, 2018, and for contributions made for reporting periods beginning after December 31, 2019. The Organization's management is currently in the process of evaluating the impact of the adoption of these ASU's on the financial statements.

**NOTE 2 – AVAILABILITY AND LIQUIDITY**

The Organization is substantially supported by donor contributions. Some donors restrict their contributions to be used in a particular manner or for future use, thus financial assets may not be available for general expenditures within one year. Management policy is to periodically perform a liquidity review to ensure sufficient resources are available to meet the needs of donors.

The following reflects the Organization’s financial assets reduced by any contractual or donor-imposed restrictions within one year of December 31, 2018:

Cash and cash equivalents	\$	213,029
Investments		1,141,321
Certificates of deposit		450,000
Education advances		73,375
Other receivables		2,600
		1,880,325
Less:		
Assets unavailable for use within one year due to contractual or donor-imposed restrictions, <i>time or purpose</i>		(686,517)
Restricted certificates of deposit		(450,000)
Education advances, <i>noncurrent</i>		(47,200)
		(1,183,717)
Total financial assets available for general expenditures over the next 12 months	\$	696,608

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization anticipates collecting sufficient revenue to cover general expenditures not covered by contractual or donor-restricted resources.

**NOTE 3 – CONTRIBUTIONS RECEIVABLE:**

The Organization’s contributions receivable consisted of unconditional promises to give and are due as follows:

	Years Ended	
	December 31,	
	2018	2017
Total contributions receivable	\$ -	\$ 20,000
Amounts due in:		
Less than one year	\$ -	\$ 20,000

**Years Ended December 31, 2018 and 2017**

---

**NOTE 4 – EDUCATION ADVANCES:**

The Organization provides educational assistance to selected Nepalese girls attending United States universities. As part of the agreement, each student is required to reimburse the Organization \$4,000 per year of college attendance for a total reimbursement of \$16,000 after four years of education. Interest is not assessed on outstanding advances. Repayment from each student is expected as follows:

Sophomore year	\$ 2,500
Junior year	2,500
Senior year	3,000
Within two years of graduation	8,000

As of December 31, 2018, amounts advanced are expected to be reimbursed as follows:

<u>Years Ending December 31,</u>	<u>Amounts</u>
2019	\$ 26,175
2020	13,200
2021	16,000
2022	6,000
2023	12,000
	<u>\$ 73,375</u>

Management periodically reviews the advances to determine whether an allowance is necessary based on collection experience and specific knowledge of student circumstances. Management considers all amounts fully collectible at December 31, 2018 and 2017. Therefore, no allowance for doubtful accounts has been recorded.

**NOTE 5 – INVESTMENTS:**

Assets and liabilities are recorded at fair value and disclosed using a three-level hierarchy. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources while unobservable inputs reflect estimates about market data.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level I – Quoted prices are available in active markets for identical investments as of the measurement date. The Organization does not adjust the quoted price for these investments.

Level II – Pricing inputs are observable for the investments, either directly or indirectly, as of the measurement date, but are not the same as those used in Level I. Fair value is determined through quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data.

Level III – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire measurement in the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

*Mutual funds (Level I):* Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Organization are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Organization are deemed to be actively traded.

	<u>\$1,136,517</u>	<u>\$1,130,156</u>

**NOTE 7 – ENDOWMENT INVESTMENT AND SPENDING POLICIES:**

The Organization’s endowment consists of a donor-restricted fund established to provide continuing resources for the Organization’s mission. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The donor has stipulated that the endowment fund be invested solely in fixed deposits at financial institutions chosen by the board with investment income treated without donor restrictions and available to be expended to further the Organization’s nonprofit mission of providing long-term scholarships for economically disadvantaged girls in Asia. The Board of Directors considers the appropriation of endowment investment income to occur as earned and available for use. The endowment balance did not change during 2018.

*Interpretation of relevant law:*

Effective in 2007, the State of Idaho adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). In the absence of donor specific direction, UPMIFA establishes standards for endowment spending and preservation of the original gift. The Organization’s endowment consists of funds received with explicit donor stipulations. Therefore, the Organization has determined that UPMIFA is not applicable to their current endowment.
